

Volume I

May 18, 1989

5th tawdry edition

Make ultimate the center of your life. Take risks. Trash your body for ultimate. There is nothing you cannot do. Visualize yourself making great plays. Never ever forget your pitch money for lights. Be at every practice. Bequeath your inheritance to the club.

SUMMER ULTIMATE LEAGUE

TEMPE - Mark your calendar. Sunday June 11 marks the beginning of the summer ultimate league. June 11 is sign-ups and pick-up games will be played that evening at Mesa Community College beginning at 6 p.m. League play will begin Sunday June 18 at 6 p.m. and continue through August 13. All games will be Sundays at 6 p.m. There will be no games July 2. The league will be structured much like the current league, with the local riff raff club players fairly equally distributed amongst the teams. All interested players are welcome. Your cheerful league coordinator is Byron and he can be reached at 967-0506.

SECTIONALS IN PHX?

TEMPE - The opportunity to host either sectionals or regionals this year in the Valley of the Sun is still present, but no definitive action seems to have been taken yet. Of primary consideration are fields and party site. 6 fields is the minimum requirement (8 is better), and a likely time is late August for sectionals and mid-September for regionals. Should anyone have any ideas or gumption please contact Krista or Dee at 921-8231.

IT'S A CAN DRIVE! IT'S A CAN DRIVE!

TEMPE - Ok, you're a dedicated ultimate player. You heard that someone was collecting aluminum cans for the club's benefit and you acted on this without hesitation. Sure, it takes a little sacrifice to buy those extra six packs, but hey, it's for the benefit of the club, right? That's all fine and dandy, but now your living quarters are feeling that old aluminum can crunch. It's high time to get those babys out of your space and put them to work. Well say no more. Thursday May 18 is Can Drive day. No more tripping over those rickety cans as you try to sneak in after a late post-practice Minder Binder's session. No more wondering what the hell is smelling up the garage. Get your cans together and get them out of your life. Kevin will be taking all aluminum can contributions at practice Thursday. This once in a lifetime opportunity to set your life straight should not be passed up. The huge cash money cache from this event will be used to pay entry fees at the Albuquerque tournament (If you're not going to Albuquerque, don't let that spoil your fun). Don't forget (insert echo voice effects), "CAN DRIVE THURSDAY, BE THERE!"

Do not write in this space — for office use only. And don't even consider writing an article that could be put in this space. The editor is a real asshole and he would never print it. His name is Kevin and he can often be seen hanging out under a ridiculous cowboy hat that he thinks is really cool. And don't get any smart ideas about getting on his good side by complimenting him on his excellent taste in hats, it won't work.
